PHOTOGRAPHIC INTELLIGENCE CENTER

FUNCTIONAL STATEMENT

Office of the Director

The Director of the Photographic Intelligence Center is responsible for producing photographic intelligence and providing photographic intelligence services in support of the Central Intelligence Agency and the Intelligence Community. His responsibility includes the maintenance of a high-capability photographic intelligence facility and provision therein for the coordination and joint production of select photographic intelligence with the military services and other agencies of the government.

Administrative Staff

The Administrative Staff provides administrative support and services to all components of the Center in matters relating to personnel, training, budget, finance, travel, records management, and logistics support.

Security Staff

The Security Staff executes a comprehensive security program in support of the mission of the Photographic Intelligence Center in compliance with established security standards of the Agency.

Requirements Staff

The Requirements Staff provides support to components of the Center and to external users of photographic intelligence products and services on matters concerning the initiation and processing of requirements, the handling and guidance of official visitors, and establishment and status reporting of Center projects.

Publications Staff

The Publications Staff provides editorial and graphical services and support in the production of Center and joint photographic intelligence publications.
